

10 things that make a Healthy Street!

Every citizen gets a fair share of road space

Everyone breathes clean air

No lives are lost

Walking and cycling are attractive

Public transport is easily accessible

Everyone moves around the city seamlessly

Women, children, and the elderly feel safe at all times

People enjoy street life

Local businesses flourish

The design adapts to climatic changes

Healthy Streets help reduce congestion, air and noise pollution. Healthy Streets ensure that everyone—be it an 8-year old child or an 80-year old grandparent—can travel safely and comfortably, breathe clean air, and enjoy moving around in their cities.
